RESCUE CAR HURRIES TO PIT

Accident Occurs One Thousand Feet From the Surface and of the 112 Men in the Mine Only Those in the Immediate Vicinity of the Explosion Were Killed or Injured—Volunteers Quickly Begin Work of Rescue and All Are Accounted For.

Kemmerer, Wyo., Jan. 22.—Five men were killed and eighteen were injured by a dust explosion in mine No. 4 of the Kemmerer Coal company. Nine of the injured are in a serious condition and have been taken to a hospital at Rock Springs. The cause of the explosion has not been determined.

The explosion occurred in the "second north" entry, 100 feet from the main slope and 1,000 feet from the surface. Only those in the immediate vicinity were injured.

The fans remained in operation and the after damp soon was cleared from the entries.

The explosion itself was responsible for the deaths and injuries, none being overcome by gas.

As soon as the alarm was given rescue crews were summoned from the other mines of the Kemmerer Coal company and the United States mine rescue car, stationed at Diamondville, several miles away, was rushed to the scene.

Volunteers Remove Injured.

Led by helmetmen volunteers made their way with comparatively little difficulty to the "second north" entry and began the removal of the injured. A thorough search of all the workings of the mine was made and all the 112 men in the mine when the explosion took place are accounted for.

State Mine Inspector George Blaker, in charge of district No. 1, reached Kemmerer and immediately began an examination of the mine to determine the cause of the explosion. He was aided by officials of the United States rescue car. The mine workings were but little damaged.

Charles S. Beach, the superintendent of the company mines, said: "We do not know how seriously injured are any of the eighteen men. There were 112 men in the mine at the time of the explosion. All of these with the exception of the dead and injured left the mine safely."

"Efficient aid was rendered by the mine rescue car of the government, which was at Diamondville, two miles away, at the time of the accident. We went for the car immediately. Four bodies had been recovered when it arrived."

"The explosion was confined to the No. 2 entry and the damage to the mine is inconsiderable."

KATE SHELLEY PASSES AWAY

Heroine Who Saved Many Lives at Honey Creek Flood.

Boone, Ia., Jan. 22.—Kate Shelley, heroine of the Honey creek flood disaster in 1881, died at her home, a quarter of a mile from the Moingona bridge across the Des Moines river, the scene of her heroic act.

Six months ago she was operated on for appendicitis and before she recovered Brights disease set in.

During a violent storm thirty years ago Miss Shelley, who was station agent at Moingona, crossed the bridge over the Des Moines river on her hands and knees at midnight in order to flag a passenger train on the Chicago and Northwestern railroad and save it from plunging into Honey creek, over which the bridge had been washed away.

FAMILY OF FIVE IS SLAIN

Sixth Crime of Its Kind in Louisiana Within Year.

Lake Charles, La., Jan. 22.—The mutilated bodies of Felix Broussard, his wife and three children, aged eight, six and three, negroes, were found in their home here, making the second wholesale negro murder in this state within a week and the sixth within the year. A bloodstained axe was found beneath the bed upon which the bodies lay.

No clue to the murderer has been found except this inscription written on the front door of the Broussard home: "When He maketh the inquisition for blood He forgetteth not the cry of the humble human five."

CARROLL NOT ENTHUSIASTIC

Iowa Republicans Interested in Effect of Cummins' Candidacy.

Des Moines, Jan. 22.—"I cannot see at the present time where Senator Cummins' announcement as a candidate for president will help along matters in Iowa politics. But, of course, it is too early to say what the result will be."

This was the only comment Governor B. F. Carroll would make regarding the Cummins' candidacy for president.

Iowa Republican leaders here, however, seemed to be more interested in what effect the announcement would have on the Iowa situation, rather than in a national sense.

ARBITRATION PACTS IN SENATE

Republican Representatives Are Complaining That Tariff Revision Program Has Been Deliberately Delayed for Political Purposes by the Democrats to Keep Congress in Session Beyond the Date of the National Convention.

Washington, Jan. 22.—Steel tariff revision will occupy the center of the stage in the house this week and the long expected tariff fight will be on for months. Both houses of congress have shown marked lethargy in their work, the idea apparently being to head off miscellaneous legislation so as to leave the field clear for the tariff, the Panama canal, appropriations and other questions that must be acted upon at this session. The senate has been disposed so far to take up only the pending arbitration treaties with Great Britain and France and no limit has yet been set for the discussion along this line.

Republican representatives already have complained that the tariff revision program has been delayed deliberately for political purposes and that the Democrats are figuring on keeping congress in session beyond the date of the national convention so as to conduct the Democratic campaign largely on the floor of the house.

Democratic leaders, particularly Chairman Underwood of the ways and means committee, say the plans for revising the important schedules have progressed as rapidly as possible and that the revised iron and steel schedule is all that the committee has been able to prepare despite the fact that the committee has been working day and night.

The iron and steel schedule revision will be submitted Tuesday afternoon to a caucus of the Democratic representatives, for ratification. Mr. Underwood said that he believed the caucus would approve it, that the bill may be presented to the full membership of the ways and means committee immediately and that the real tariff revision in the house might begin by Wednesday, when he expects to call up the measure. It is barely possible, however, that these dates may be changed to later in the week.

The revised schedule will put iron ore on the free list, will cut the tariff on unwrought iron and steel by 50 per cent and will make reductions ranging upward from 30 per cent on manufactures of steel, the lower reductions applying to articles requiring skilled labor.

Hearings on Representative Lindbergh's resolution to investigate the financial situation of the country, with particular reference to the existence of a money trust, will be held this week.

The decision of the house committee on public buildings to report a \$16,000,000 omnibus public building bill and the recent decision of the house committee on rivers and harbors to report a general river and harbor bill, both measures popularly known for years as "pork barrels" in the interest of congressional constituencies and both decided upon against the protest of the Democratic leaders, probably will result soon in a Democratic caucus on economy. This will be with a view to heading off these measures from a fight on the floor of the house and to keep the expenditures of the house within reasonable limits.

NO COLD WAVE INDICATIONS

Generally Fair Weather East of Rockies, Says Federal Bureau.

Washington, Jan. 22.—There is nothing at the present time to indicate that a general cold wave will cross the country this week. The bulletin issued by the weather bureau says temperatures will average near or above the normal throughout the country.

"Generally fair weather," the bulletin continues, "will prevail east of the Rocky mountains, except that a short period of rains and snows will attend a disturbance that will appear in the Far West Tuesday or Wednesday, cross the Middle West about Thursday and the Atlantic states Friday or Saturday."

TO APPOINT HOOK THIS WEEK

Understood Taft Will Name Kansas Jurist to Supreme Court.

Washington, Jan. 22.—Among the friends of President Taft it was generally understood that the nomination of United States Circuit Judge Hook to the supreme court, succeeding the late Justice Harlan, would be sent to the senate during the present week. Objections to Judge Hook, referred to Attorney General Wickham, it was said, have not proved convincing to the president and he is inclined to make the appointment shortly.

TO AID WIDOWED MOTHERS

Rabbi Wise in Address Advocates State Pensions for Them.

New York, Jan. 22.—State pensions for widowed mothers were advocated by Rabbi Stephen S. Wise in an address at Carnegie hall before the Free synagogue.

"The state by its inaction, the charity organizations by their half deeds," said Dr. Wise, "permit the mother at one and the same time to attempt the part of bread winner and housekeeper; save in the rarest cases no woman should be asked to do both. The new education delving into the depths of child life has made clear that nothing can equal for a child the value of normal home environments. We ask for no more than the legislative appointment of a commission to investigate the problem of state aid for widowed mothers with a view to its recommending the best and wisest legislation."

Others Die in Collision.

Centerville, Ill., Jan. 22.—Five persons were killed and more than a score injured, when Seminoe limited No. 3, running fifty miles an hour, crashed into the rear and telescoped passenger train No. 25 standing at the station at Kinmundy, Ill. A private car of the Great Northern, attached to the rear of train No. 25, was demolished.

The known dead are: J. T. Harahan, Sr., E. B. Pierce, general solicitor; E. E. Wright, lawyer, of Memphis.

GERMAN SOCIALISTS LOSING

Meet With Reverses in Election to the Reichstag.

Berlin, Jan. 22.—Seventy-eight rebalots in the reichstag elections were held. The returns indicate the Socialists are not gaining as expected. The Socialists participated in forty-six rebalots, of which they carried only eight. At this rate they will hardly reach ninety seats in the reichstag. They were ousted from five constituencies, losing among others Bielefeld to Count von Posadowsky-Wehner, the former imperial secretary of state for the interior, who was the candidate of all the other parties.

The radicals put up a stout defense and elected seventeen members, winning eight districts, chiefly from the Conservatives, and losing only one.

WOMAN ROUTS TWO YEGGS

Disarms One and Clubs Him Out of House With Own Revolver.

Chicago, Jan. 22.—Mrs. Annie Goldsmith, fifty-seven years old, put to rout two armed bandits at her home after she had wrested a revolver from one and had clubbed him out of the front door of her residence. At the time of the attack Mrs. Goldsmith was wearing a money belt in which was concealed jewelry valued at more than \$1,000.

After she had driven the holdup men from her door Mrs. Goldsmith collapsed. She had been injured painfully during the struggle with the two men. She is the wife of a wealthy furniture dealer on the South Side.

Kills Divorced Wife and Self.

Beloit, Wis., Jan. 22.—John Smith of Burlington, Wis., murdered his divorced wife here and shot and killed himself. Smith was fleeing after the murder, when he encountered a police patrol wagon which had been summoned by witnesses to the slaying. In view of employees leaving a nearby factory Smith killed himself to avoid arrest.

Hunter's Head Blown Off.

Creston, Ia., Jan. 22.—While riding on a bobbed in a rabbit hunting expedition Frank Hoffman's head was literally blown from his shoulders when a shotgun which he was carrying exploded. He died instantly. Hoffman was thirty-six years old.

OVER ECONOMYSenate Will Try to Make In-
creases in Appropriations.

FITZGERALD TELLS OF PLANS.

Will Stand Out Against Senate if House Will Back Him—One Cent Letter Postage Not Probable This Session—When Judge Parker Disturbed the Supreme Court.

By ARTHUR W. DUNN.

Washington, Jan. 22.—[Special.]—There is going to be a real contest between the senate and house this session. In fact, there will be several contests, and it will be interesting to see whether the senate will have its way, as it usually does, or whether the present house will be able to stand up and win.

The contests will be over the appropriation bills. It has become plainly apparent that the house intends to cut the appropriation bills to the limit. The senate will make many increases. Then will come the tug of war. Hereafter such vociferous economists as Cannon and Tawney have been compelled to surrender to the senate. Chairman Fitzgerald declares he will not surrender if the Democratic house will stand by him. The test will be in the house.

Fitz Will Fight.

That Chairman Fitzgerald will fight there can be no question. In the first conference he got away with the liberal senate spenders over a deficiency bill. Just how it will be when the pork barrel measures are increased by the senate is another matter. House members are generally quite keen for appropriations for their districts.

"They will have to stand up and be counted," said Fitzgerald. "They will have to go on record and show whether their professions for economy mean anything. I am going to keep the appropriations down and will resist the senate increases."

"The conditions are quite different now from what they were during the past sixteen years. In all that time there was a Republican administration, a Republican senate and a Republican house. The Republican house did not want to take the responsibility of stopping appropriations for a Republican administration. Now it will be up to the senate to take that responsibility. If the senate wants to block the wheels of government of a Republican administration rather than accept what we consider just and adequate appropriations it can do so. That is where we will meet them."

No One Cent Postage This Year.

There seems to be little prospect that the postmaster general's proposition for a one cent postage rate on first class mail will go through this year. There is no great demand from the people for such rate.

Senator Burton has put in a bill with a string of whereas asserting that no reduction has been made on first class mail since 1883, when it was fixed at 2 cents for half an ounce and two years later the weight was increased to an ounce. It also declares that the profit on first class mail is \$62,000,000 a year. Burton is expected to lead the administration's fight for an increase on second class mail.

Parker Suppressed.

Not long ago Judge Alton B. Parker, who has been chief justice of the highest court in New York and a presidential candidate, was standing with a group just outside the door leading to the supreme court. Among the number was Samuel Gompers, a client of Parker's, whose free speech case was pending in the courts. A story was told, and Parker leaned back and laughed in his hearty manner.

"Excuse me, sir," said a court attendant, "but you are disturbing the court."

"Twice ever thus," said Parker to Gompers, "freedom of individual liberty suppressed." And he sadly moved away.

Not at All Strange.

"It seems strange," remarked a man recently, "that there is no talk about Democratic vice presidential candidates." But that is not the fact. For the first time in years there is a real contest for president, one that is not settled before the delegates are elected. The nomination of a presidential candidate will have much to do in determining the second place, especially in the matter of the state from which the nominee shall come.

Sherman Always a Fan.

It gets pretty cold in Washington sometimes, but it is never cold enough to make Vice President Sherman forget that he is a loyal baseball fan. When the recent cold snap at the capital was at its height, or depth, a young New Yorker who had been a candidate for appointment at the West Point Military academy called on "Sunny Jim" to pay his respects and report progress, knowing that Mr. Sherman was interested in his application.

"I am sorry to tell you," said the Empire State youth, "that So-and-so got the appointment. However, I have some hope. I was appointed first alternate."

"Cheer up," said the vice president. "That's a good deal better than nothing. Why, you're the better up, and you know the better you fan and give you a chance to score."

SENATOR HEYBURNChallenges Idaho Man to Prove
Him Guilty of Any Wrong.

Washington, Jan. 22.—Senator Heyburn of Idaho is challenged by Samuel Gompers, president of the American Federation of Labor, in an editorial in the February issue of the American Federationist, to produce in a court of law any evidence which he may have of any illegal acts performed by Gompers.

The editorial is based upon the statement in the senate last Thursday by Senator Heyburn "that no communication should be received from Mr. Gompers, because of the facts disclosed in the McNamara trial and subsequent thereto." President Gompers, addressing Mr. Heyburn, says:

"I now and here include you and I defy you and challenge you to produce in a court of law any such evidence. You will observe that I specifically state 'in a court of law' rather than under the constitutional protection which surrounds your privilege to wag your unbridled tongue in indirection and insinuation."

"There is nothing that you can say, Senator Heyburn, which will at all reflect upon my work, my life and my character and I am willing that the American people shall judge between you and me as to which of us stands for the dollar and which for the manhood, the womanhood and the childhood of our country."

CHINESE FACE STARVATION

American Red Cross May Aid in Relieving Suffering.

Washington, Jan. 22.—The American Red Cross has received through the state department and through C. D. Jameson, its own representative in China, who recently traversed the famine district, information revealing conditions of starvation and suffering of appalling character and magnitude. It is estimated approximately 2,500,000 persons will be in dire need of help before a new crop of grain can be harvested.

The unsettled condition in China will prevent that government from affording relief. The Red Cross has been assured that its work of relief will have the co-operation of both imperial and revolutionary authorities.

Earth Red Men.

Washington, Jan. 22.—A charge that legislation passed presumably for the benefit of the White Earth Indians of Minnesota has actually resulted "in the disintegration of that great and valuable Indian reservation and the property rights and effects of a large majority of the several thousand Indians thereof" is contained in a statement filed with the house committee on expenditures in the department of the interior by M. C. Burch, an officer of the department of justice.

The statement of Mr. Burch is couched in strong language and will be used as the basis for the public hearings that will be begun in Minneapolis this week by Representatives Graham of Illinois and George of New York, acting for the house committee above named.

OLD PARTIES MAY UNITE

Agree on Common Ticket to Oust Milwaukee Socialists.

Milwaukee, Jan. 22.—The last legislature having failed to enact a non-partisan election law the Republicans and Democrats of Milwaukee are planning an attempt to overthrow the Socialists now in power at the municipal election in April.

Several conferences have been held in which leading Republicans and Democrats have participated and the plan outlined is to have a Republican head the Democratic city ticket, leaving the offices of city treasurer and comptroller for Democratic nominees. The Republican city committee representatives have practically agreed to this plan and the Democratic committee, working along the same lines, is expected to follow suit shortly. Practically the same lines are planned for the election of a board of aldermen.

COLONEL WAVES HIS HAND

Won't Discuss Hitchcock Rumor or Other Questions.

Oyster Bay, Jan. 22.—Former President Roosevelt was asked if there was any truth in the rumors that Postmaster General Hitchcock, who was in New York, had any conference with him. Mr. Roosevelt's reply was a wave of his hand and "Not one word to say." He told the newspaper men that he would not answer political questions.

ENDLESS VARIETY OF FRAUDS

Promoters of Questionable Concerns

Whose Profits Reached \$77,000,000 Were Forced Out of Business During the Year—Hundreds of Persons Indicted and a Large Number Placed on Trial and Convicted.

Washington, Jan. 22.—Promoters of fraudulent schemes whose profits reached \$77,000,000 were put out of business during the fiscal year ended June 30 last, according to the annual report of Robert S. Sharp, chief inspector of the postoffice department.

During the fiscal year 529 persons were indicted on the charge of using the mails in furtherance of schemes to defraud, 196 were tried and 184 convicted. The schemes investigated were of endless variety, varying, as the report indicates, "from the simplest business transaction to a gigantic project involving the sale of worthless stock in fake mining companies and imaginary and fictitious institutions existing only on paper in the minds of the promoters."

In discussing the multiplicity of schemes to defraud Chief Inspector Sharp says the prosecutions have proved exceedingly successful. In no instance, as far as known to the office, has a person convicted on a criminal charge of this character attempted to reorganize his scheme under a new name, as was often the case where fraud orders alone were resorted to.

The result of the year's work has developed the fact that these fraud manipulators are a "distinct class of criminals, some of them moving in the highest social and business circles, but nearly all having more or less affiliations and connections with, or are devisers of schemes or enterprises of illegitimate character in which they are not known as promoters." The report adds:

"The work of the past year has uncovered a condition among the swindling class which shows the astounding extent of their operations and the enormous amount of their ill gotten gains."

Inspector Sharp suggests that it is essential for the protection of the public that additional legislation be enacted which will prevent swindlers from carrying on their operations in the borderland between legitimate undertakings and criminal schemes.

During the year 2,491 arrests were made, of which 429 were for postoffice burglaries. Of the number arrested 379 were connected with the postal service.

OPEN HOT FIGHT ON HARMON

Progressive Democrats of Ohio Call Him Choice of Wall Street.

Columbus, O., Jan. 22.—The Progressive Democratic League of Ohio, organized Jan. 2 with the avowed purpose of hindering Governor Harmon's presidential chances, but which refrained from mentioning his name in the initial meeting, began its first direct attack on the state's executive. The first copies of a pamphlet of which it was said 100,000 copies are to be distributed were sent out by former Congressman John J. Lentz, president of the organization, and W. W. Durbin of Kenton, secretary.

The pamphlet attacked Governor Harmon as being the choice of Wall Street; it professed that the time is ripe for a Democratic victory and warned Democrats not to lose the chance of this victory by the nomination of any but a progressive candidate.

WOULD LOWER THE OLEO TAX

Butter Price Increase Responsible for House Bill.

Washington, Jan. 22.—The increase in the price of butter ordered by the Elgin butter board and the prediction that the commodity would go to 60 cents a pound has given impetus to the campaign in congress for a reduction in the oleomargarine tax. Chairman Lever of the subcommittee of the house committee on agriculture, which has been considering the oleomargarine bills, will recommend a bill to the whole committee designed to lower the tax from 10 cents to less than 1 cent a pound.

The bill provides a fine and imprisonment for the sale of oleomargarine under the guise of butter. The chairman hopes to get it through the house within a month.

Special Train Prepared to Carry Premier to Tientsin.

Peking, Jan. 22.—A special train has been held in readiness since Friday to take Yuan Shi Kai to Tientsin. It was evidently the premier's plan to transfer the provisional capital to that city, where the danger from blanchus was slight. Apparently he intended to escape from Peking as soon as the edict of abdication was signed, but the reactionary princes gained the upper hand temporarily and prevented the issuance of the edict.

Rev. Zabel spoke to a large audience at the Y. M. C. A. Sunday afternoon, the subject of his discourse being "Jonah's Examination." The Imperial quartette sang two songs and Miss Newgard played a piano selection and the accompaniments for the quartette.

A checker tournament is featured at the Y. M. C. A. and as soon as ten players can be induced to enter the lists, playing will commence. Each player plays each other five games. Draw games are not counted. The winner of the largest number of games wins the tournament.

Final arrangements are being completed for the clerks dance at the Citizens State bank hall on Tuesday evening, January 23. Many out of town visitors will be present. The committee has sold a large number of tickets and those who attend are assured of a most enjoyable evening.

Judge J. T. Hale, mayor of Deerwood, H. J. Hage, former mayor of Deerwood, and B. Magoffin, Jr., of Deerwood, are in the city, having arrived on the noon train. Judge Hale and Mr. Hage intend attending the meeting of the state highway commission at the twin cities on Tuesday.

A curious accident happened when the south bound train on the Minnesota & International railway stopped at Walker last Saturday to take on water. Ice formed around the spout of the tank and it could not be put back into place, while the water poured down over the tender on to the trucks and track forming a mass of ice that effectually froze the engine to the track. It required about two hours time to move it.—Pequot Enterprise.

Charles Durham, Lovington, Ill., has succeeded in finding a positive cure for bed wetting. "My little boy wet the bed every night clear thro' on the floor. I tried several kinds of kidney medicine and I was in the drug store looking for something different to help him when I heard of Foley Kidney Pills. After he had taken them two days we could see a change and when he had taken two thirds of a bottle he was cured. That is about six weeks ago and he has not wet in bed since." WANT THE COUNTY TO SEND EXHIBIT

Immigration Commissioner W. R. Mackenzie Asks County to send Its Exhibit for Display

AT N. M. D. A. IN MINNEAPOLIS

Papers of Northern Minnesota should be Represented in Files at the Association's Rooms

The exhibit being made at Minneapolis by the Northern Minnesota Development association of the agricultural products of northern Minnesota counties is attracting much attention and Immigration Commissioner W. R. Mackenzie is desirous that Crow Wing county will speedily send its display and also reap the benefits accruing from settlers examining the products and wishing to emigrate here.

Mr. Mackenzie has written C. A. Albright as follows: "Will you please ship your county exhibit to me at once? Everything is ready and visitors are piling in on us here and so far only the counties of Cook, Lake and St. Louis have put in their exhibits. There are partial exhibits here from Cass and Beltrami counties. Kindly write me and see that these exhibits are gotten out at once. Do everything you can to send all the good corn possible. I wish some not only for the exhibits but also for decorating purposes."

The immigration commission's exhibit and office is maintained at 39 South Third street, Minneapolis. M. N. Koll, of Cass Lake, was a recent visitor at the display rooms and in the Cass Lake Times gave these observations: "The counties which have not sent in their exhibits should do so at once for they are overlooking a big bet. 'He mentioned the numerous inquiries. A man wanted a tract of cutover land in northern Minnesota and his name is being sent all subscribers. Another young man came in with his wife and stated that he had saved up \$3,000 and is preparing to purchase a tract of 160 acres of cutover land, possibly a little larger which he will develop into a stock and sheep farm. They expressed preference for land near Hackensack and as there was no name of a subscriber to the immigration fund there, Mr. Mackenzie sent his name to the nearest subscriber in Cass county. Inquiries were received from men of Rice county, North Dakota and other places."

Nearly 50 people called at the exhibit rooms Monday. It is hoped that all banks, land men and farmers who have land to sell will send in subscriptions to the treasurer, A. G. Wedge, Bemidji, in order that they may be entitled to the lists of names that Secretary Mackenzie will send out.

Something Like Ping Pong

Under this heading the Pine River Sentinel says: "The town basket ball team lost to the Brainerd Y. M. C. A. basket ball team in a very poorly played game on Saturday at the gymnasium, the Pine River team showing no form or team work at all. The score keeper was kept so busy that he could not catch up between the halves and the final count is a matter of guess work. The Brainerd team showed good form and easily outplayed the locals."

RITARIS WIN CASE

Jury in District Court Awards Them the Full Balance Due on Third Avenue Paving

The jury in the Third avenue paving case was out just about an hour and on Saturday evening Judge McClenahan was hastily called back to the court room and the verdict was read giving the Ritari Brothers the balance they had sued for. The amount is \$1,899.56 and interest.

The case of Alonzo Everett vs Samuel Betts is on trial today. This is a civil action wherein Everett is suing for a balance of \$100 alleged to be due for making repairs and alterations to the house on the corner of Tenth and Kingwood streets. Betts has filed a counter claim of \$50 alleging non fulfillment of the contract. In the municipal court Betts secured a verdict against Everett and the case has accordingly been carried to the district court.

MINING NOTES

Iron Mt. Mining Co. Sinking Shaft—Paul M. Hale, of Deerwood, Buys Land in Rail Prairie

A carload of machinery has been shipped from Duluth, including boilers from the Gogebic Boiler Works, to the shafts of the Iron Mountain Mining Company in section 33-47-29. This machinery is to be used to complete the company's shaft which is now 40 feet in depth and has yet to be sunk 23 feet to reach the ore body. The company is sinking its twelfth drill hole. All of the holes are reported to be in ore. B. F. Forrester and other directors of the company have been at the property inspecting it. While on the Cuyuna they let a contract for the completion of the shaft in 30 days.

Paul M. Hale, the Deerwood mining man, has bought the southeast quarter of the northeast quarter of section 35 in Rail Prairie township of Morrison county. The land was formerly owned by an Iowa man and an option was taken by Hale about a year ago.

EXPECTS TO BE VINDICATED

Dr. Dumas Says the Charges Against Him Were "Cooked Up" and Makes Other Assertions

THE DOCTOR IS CHEERFUL
Acquitted in Brainerd, Convicted at Bemidji and a Case Pending in Federal Court

Asserting that the charges against him were "cooked up" and were the result of "political and money plots" and that he would be vindicated by the State Supreme Court and the United States government, Dr. Delbert F. Dumas, mayor of Cass Lake, hinted at collusion on the part of the attorney general's office when he discussed the charges against him, says the St. Paul Pioneer Press of Sunday.

Acquitted at Brainerd, convicted at Bemidji, and with a case pending against him in the federal court at Fergus Falls, Dr. Dumas is cheerful over the final outcome.

"I am certain to be acquitted by the Supreme Court," he said. "I am absolutely sure also of an acquittal at Fergus Falls. When the government learns the real truth it will be only too glad to drop the case."

"When the Bemidji grand jury meets next March," he said, "there will be more sensations. The arson cases will be reopened and I expect indictments to be brought against some of the prominent men responsible for my arrest and indictments. 'I can be re-elected at the Cass Lake primaries next March, if I choose run again,' said he, in conclusion.

SUPERVISES TEN BANKS

W. E. Parker, of Wadena, to be Kept Busy Supervising the Chain of Hazlett Banks

W. E. Parker, cashier of the Merchant's National Bank of Wadena, has been delegated by his business associates to supervise no less than ten banks in this section of the state. The banks which he will have supervision over include the First State bank of Cuyuna, the First National bank of Crosby, the First National bank of Deerwood, the First State bank of Pequot, the banks at Randall, Motley, Bertha, Brook Park and Hinkley. In addition he retains his position as cashier of the Merchants National bank of Wadena.

Mr. Parker, it is said, will be practically in complete charge of the banks above named. He will visit all of them once a month or as often as occasion may require, examine into their affairs, and submit regular reports to the gentlemen interested in this chain of banks including Isaac Hazlett, of Minneapolis; J. J. Meyer, F. B. Coon and others.

MUSIC AND DRAMA

Benefit Performance

A benefit performance, the proceeds of which will go to assist in the work of the visiting nurse, will be given at the Empress theatre Tuesday evening, commencing promptly at 7:30 P. M.

The feature of the evening's entertainment will be a highly instructive and educational picture entitled, "The Awakening of John Bond." This story is builded within the shadow of New York's tenement district, and unfolds a tale of a wealthy man who has his made fortune by investing in this class of property. Going for a cruise on his pleasure yacht, he hires a small weakling of a boy for his cabin. A few days out of port the youngster becomes seriously ill. The man's daughter takes it upon herself to nurse the little fellow, and soon finds that the little fellow is a victim of tuberculosis. Pleading with her parents she persuades him to return to the city, where she first visits the youth's home to find that in one of her father's tenement buildings not only the little cabin boy but several other tenants are in the grasp of this terrible disease.

Then she persuades her father to send the youth to the State Institution for the Relief of Tuberculosis, and it is there that we follow him through the various departments of that wonderful place, and come out with a strong and healthy boy. The story ends with a number of working men tearing down the old buildings to replace them with new and modern structures.

This beautiful picture story was made especially for the Minnesota Association for the Prevention and Relief of Tuberculosis, and is considered one of the best of its kind ever offered.

In conjunction with the special feature the usual strong show will be given, and when you attend you will be doing something for a worthy cause. Admission for Tuesday evening, 15 cents.

At the Opera House

A large audience was delighted with Miss Cora Mel Patten's reading of Besler's "Don" last evening at the assembly hall of the high school. Her wonderfully pleasing voice, and the remarkable distinction which she makes and keeps in the various characters, raises her work to an art unusual in a reader of plays. The play itself proved most interesting and was thoroughly enjoyed through the reader's interpretations. Miss Patten's voice is wonderfully appealing and she brought out the human emotions which are portrayed strikingly in the play, with perfect effect. The selection of "Don" for her reading was a happy one, for nothing could have been more thoroughly enjoyed than this play and the audience showed its appreciation with enthusiastic applause.—Duluth Herald.

Miss Patten appears at the opera house this evening and will give a reading of "Every Woman," a play chosen by the Brainerd Musical club. A large attendance is expected to hear this gifted woman.

BURNS TO DEATH

Mechanician Loses Life at Little Falls Auto Garage Fire—Six Autos Are Destroyed

Little Falls, Minn., Jan. 20.—Fire late yesterday caused by the explosion of a gasoline tank on an automobile has resulted in one man's death and destroyed the two-story brick building owned by A. K. Hall, burned six automobiles and made homeless eight families, who were occupying the second story of the building.

The F. P. Farrow auto livery was in one section of the Hall building, and Verne Carpenter, one of the drivers, while repairing a machine, caused the explosion of the tank. The man was a mass of flames in an instant and he dashed through a large plate glass window to the street yelling at the top of his voice for some one to kill him and end his misery. He was wrapped in blankets and taken to a hospital, where he died at 2 a. m. today.

The building, valued at \$6,000, was destroyed, as were six autos valued at \$5,700. An insurance of \$2,000 was carried on the building and \$1,300 on the machines. The families in the upper story lost their entire belongings and carried no insurance.

Carpenter came to Little Falls about three months ago from Rock Creek, Pine county, this state, and was a careful driver and good mechanic. Before dying he said the fire was due to his carelessness. He said he was cleaning an auto engine with gasoline and a brush. When through he stepped to the stove and touched the heater with the brush. This caused a small explosion which communicated to the pail of gasoline and in a moment the garage was filled with flames.

WEDDED IN KENTUCKY

Miss Virginia Bressler, Cousin of Alderman J. M. Elder, is Married to Dr. Heavrin

Miss Virginia Bressler, a cousin of Alderman James M. Elder, was married at her home in Owensboro, Kentucky, to Dr. Heavrin. The bride is well known in Brainerd and among the summer residents at Gull lake where the family has a summer home which they have visited annually the last few years. The "Kentucky Owensboro Messenger" gives the following account of the wedding:

The marriage of Miss Virginia Bressler and Dr. Samuel H. Heavrin was quietly solemnized Thursday at 7:30 a. m., at the parsonage of Settle Memorial Methodist church, the ceremony being said by Dr. Lewis Powell. The only attendants were Mrs. LaRose Bosley Hansen and Mr. Daryl Bogard. The bride was charming in a handsome traveling costume of gray cloth, with a velvet toque trimmed with violets, and she carried a shower bouquet of violets and lilies-of-the-valley.

Mrs. Heavrin is the only daughter of Mr. and Mrs. Andrew Bressler, and is an attractive girl, very stylish in appearance and popular among the society set. Dr. Heavrin is a successful dentist, who is much esteemed professionally and socially. Dr. and Mrs. Heavrin left on the 8:15 L. H. and St. L. train for Louisville, where they will spend a week at the Steel-bach.

The Rev. W. J. Horner Will Preach Sermon at the Union Religious Meeting Tonight

The union religious meeting now being held in the city is announced to take place at the First Presbyterian church at 7:45 this evening, with the Rev. W. J. Horner, pastor of the Peoples Congregational church as the speaker of the evening, and his announced theme will be: "How a Good Man Was Lost, and How a Bad Man Was Saved," to which a cordial invitation is given by those in charge. The meetings this week are held at the Presbyterian church for the first three evenings, and on Thursday and Friday evenings to take place at the Seventh Street Norwegian Lutheran church.

The special soloist for this evening is Miss Ada Newgord, and a large choir will be conducted by Mrs. E. druggists. mwf

The Danger of LaGrippe

Is its fatal tendency to pneumonia. To cure your lagrippe coughs take Foley's Honey and Tar Compound. R. E. Fisher, Washington, Kas., says: "I was troubled with a severe attack of lagrippe that threatened pneumonia. A friend advised Foley's Honey and Tar Compound and I got relief after taking the first few doses. I took three bottles and my lagrippe was cured." Get the genuine, in the yellow package. A Statement of Facts Backed by a Strong Guarantee.

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Recall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Recall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 80 tablets 50 cents. Remember, you can obtain Recall Remedies only at our store—The Recall Store Johnson's Pharmacy

A NEW AUTO MAGAZINE

A New Magazine Launched in Philadelphia Devoted to Commercial Cars

The splendid progress made in the commercial car branch of the automobile industry has created special interest in the COMMERCIAL CAR JOURNAL, the monthly magazine published in Philadelphia, devoted exclusively to commercial cars.

Whether they are still using horse drawn vehicles or have substituted the modern method—commercial cars—that magazine fills thoroughly the needs of everyone interested in hauling or delivering, for a reliable source of information. The low subscription price—\$2.00 a year—makes the magazine a necessity to every business man and one easily within reach.

Among the interesting features which regularly appear in the Commercial Car Journal are departments of Instructive Experiences; New Commercial Cars; In the World of the Electric; From Across the Water; Criticisms and Suggestions; Truck Accessories and Appliances; and instructive and practical editorials as well as much miscellaneous matter of timely interest. In the various departments is found information for transportation managers; complete details of new trucks (gasoline and electric) showing the classes of work to which each is best adapted; suggestions for handling commercial cars efficiently and economically and other valuable information.

The magazine shows great care in its preparation and is printed upon a high grade of paper which brings out clearly the important details of the numerous illustrations.
